

*Our family helping yours when you need it most.*

Spicer-Mullikin, family-owned since 1906

*March 20, 2020*

To our community,

The circumstances in which we find ourselves these days are certainly strange. We all share in the responsibility of protecting each other and loved ones from COVID-19 and limiting the virus' spread.

At Spicer-Mullikin our commitment to the health and safety of our employees, facilities, communities and the families we serve has remained steadfast for 114 years. You are always our top priority.

On March 12, 2020, our Governor declared a State of Emergency in Delaware, which continues to be updated frequently. Per the CDC and White House guidelines, and local regulations, all gatherings are now limited to 10 people or fewer. We will be abiding by the CDC guidelines, effective immediately. All services handled by Spicer-Mullikin will be held privately and limited to 10 people or fewer. This protocol will remain in place until the CDC determines it is safe to remove the guideline. We are receiving updated information via the CDC and National Funeral Directors Association on a regular basis and will do our best to keep you informed.

We have service options to offer our community and will work with each family individually and together we will make sure your loved one's life is celebrated safely and with devotion.

Spicer-Mullikin has had the honor of serving Delaware communities since 1906. We have safely served thousands of families through outbreaks, epidemics and natural catastrophes. Every year since 2014, we have earned the Pursuit of Excellence Award from the National Funeral Directors Association for our ongoing commitment to providing exceptional service to grieving families and the community, while adhering to the highest ethical and professional standards.

You and your family can continue to trust Spicer-Mullikin during these challenging times – we will always provide exceptional services that reflect *your* love.
